

SOFT & SUPPLE PROTECTIVE BARRIER

Haptect 46 offers a distinct “smooth as silk” feel for a luxurious yet practical surface. With a unique soft and supple hand, it provides a good protective finish for easy cleaning.

HAPTICS + PROTECTION = HAPTECT 46

SPECIFICATIONS

- Easily wipe away unwanted denim dye transfer, coffee and wine spills using a mild soap and water solution.
- Achieves above-average abrasion resistance at 100,000 cycles on the Wyzenbeek scale and 1,000 cycles on the Taber test.
- Exceptional flex resistance with no cracking, crazing, or delaminating.
- No crocking or face-to-face blocking, even at elevated temperatures.

CLEANING INSTRUCTIONS

- For routine cleaning, use a mild soap and water solution as well as with other common household cleaners.
- Bleach cleanable using a solution of ten parts water to one part bleach.
- May be disinfected with a bleach solution or other common household disinfectants; use the disinfection guide for more information.

ADDITIONAL CARE TIPS

- Avoid harsh chemicals and pine oils.
- Always test any cleaning solution on a small, inconspicuous area before applying it to the entire surface.
