

PRODURATECT™

BY ENDURATEX™

PROTECTION
DURABILITY
CLEANABILITY

HOMOGENEOUS BOND

- Produratect is a protective finish designed to safeguard the integrity and luster of your upholstery.

SPECIFICATIONS

- Exceeds 100,000 revolutions on the Wyzenbeek Abrasion Test.
- Can withstand outdoor exposure to UV rays with no signs of yellowing or other forms of discoloration.
- Provides excellent flex resistance with no cracking or delaminating.
- No crocking or face-to-face blocking, even at elevated temperatures.

CLEANING INSTRUCTIONS

- Easily cleanable with a soap and water and other common household cleaners.
- Bleach cleanable using solution of ten parts water to one part bleach.
- May be disinfected with bleach solution or other common household disinfectants.

PROTECTION + DURABILITY = PRODURATECT™
