The Enduralex™ care guide addresses the performance of FORBID products as indicated in product testing, conducted under laboratory conditions. Results may vary under actual conditions. The information contained in the care guide is not a guarantee and does not relieve the user of the responsibility of proper and safe use of the product and the use of recommended cleaning agents. The use of certain agents has been found to be harmful to the surface appearance and lifespan of vinyl, please familiarize yourself with those substrates for best results. Enduralex™ fabric, FORBID is resistant to most common stains; however, existing dyes and pigments in some staining agents have been seen to create a permanent stain if not properly treated in a timely manner. Enduralex™ maintains the highest vinyl production standards. Abrasions may occur during finishing if the vinyl comes into contact with incompatible forms.
