*This term and any corresponding data refer to typical performance in the specific test indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions.

FORBID dramatically increases the stain resistance, while preserving the integrity of the fabric luster and softness.

FORBID Cleaning Instructions:

Method One: For most common stains and spills, use mild soap and water.

Method Two: If Method One doesn't work, use the following household items - FANTASTIK • 409 • MR. CLEAN.

Method Three: For tougher stains such as sharpie, paint and lipstick, use a 70% isopropyl alcohol wipe.

The Enduratex™ care guide addresses the performance of FORBID products as indicated in product testing, conducted under laboratory conditions. Results may vary under actual conditions. The information contained in the care guide is not a guarantee and does not relieve the user of the responsibility of proper and safe use of the product and the use of recommended cleaning agents. The use of certain agents has been found to be harmful to the surface appearance and lifespan of vinyl, please familiarize yourself with these substances for best results. Enduratex™ typical, FORBID is resistant to most common stains, however, staining type and pigments in some staining agents have been seen to create a permanent stain if not properly treated in a timely manner. Enduratex™ maintains the highest vinyl production standards. Anomalies may occur during finishing if the vinyl comes into contact with incompatible items.
